

EGALA SRINIDHI REDDY

egalasrinidhireddy7@gmail.com [LinkedIn](#) [GitHub](#) [Leetcode](#) [HackerRank](#) [CodeChef](#) +91 83095 36718

PROFILE

Computer Science undergraduate specializing in Data Science with strong foundations in Data Structures & Algorithms, Object-Oriented Programming, Backend Development and Artificial Intelligence. Experienced in developing full-stack applications, Generative AI solutions, and intelligent software systems using Python, Java, React, and MongoDB. Skilled in building AI-powered applications leveraging Large Language Models (LLMs), REST APIs and automation workflows. Mentored 110+ students in Data Structures and Algorithms through Smart Interviews. Passionate about building scalable software systems and solving real-world engineering problems.

EDUCATION

Qualification	Institution / Board	Duration	Score
B.Tech in CSE-Data Science	CVR College of Engineering	2023-2027	CGPA:9.31
Intermediate (MPC)	Board of Intermediate Education Telangana	2021-2023	89.7%
SSC	Board of Secondary Education Telangana	2020-2021	CGPA:10

TECHNICAL SKILLS

Programming Languages: Python, Java, C, SQL

Core CS Concepts: Data Structures & Algorithms, DBMS, OS, CN

AI & Machine Learning: Generative AI (Groq LLaMA, Gemini AI, OpenAI, Large Language Models (LLMs), Prompt Engineering, AI Chatbots, NLP Fundamentals

Backend Development: FastAPI, Flask, REST APIs, JWT Authentication

Frontend Development: React.js, HTML, CSS, Tailwind CSS, Streamlit

Databases: MongoDB

Developer Tools: Git, GitHub, VS Code, Postman

TECHNICAL PROJECTS

1)Audio2Art: Audio-to-Image Generation System – [GitHub Repo](#)

Description: Developed an AI-based application that converts audio input (WAV) into text and generates images using Stable Diffusion. Integrated speech recognition and diffusion models to build an end-to-end audio-to-visual pipeline and created a simple user interface using Streamlit.

Technologies: Python, Streamlit, PyTorch, Diffusers, Transformers, SpeechRecognition

2)Campus Fine Track: College Fine Management System – [GitHub Repo](#)

Description: Developed a full-stack web application to manage student fines across campus with separate admin and student portals. Implemented fine creation, payment verification, email notifications, and batch-wise reports using MongoDB aggregation.

Technologies: Python, MongoDB, Flask-PyMongo, Flask-Mail, HTML, CSS, dotenv

3)EduGenie AI: Intelligent Generative AI-Powered Student Learning Assistant – [Github Repo](#)

Description: Developed a full-stack AI-powered student learning platform featuring AI chatbot, PDF summarization, quiz generation, Interview preparation, study planner, mind map generation, and voice assistant. Implemented secure JWT authentication, REST APIs, AI model integration, and MongoDB-based data management.

Technologies: Python, React.js, Tailwind CSS, MongoDB, JWT Authentication, RESTful APIs, Generative AI (Groq/Gemini/OpenAI), Speech Recognition, Git, Github.

EXPERIENCE

Altair Data Science Master Virtual Internship (10 weeks): [EduSkills](#)

April – June 2025

Alteryx Data Analytics Process Automation Virtual Internship (10 weeks): [EduSkills](#)

October – December 2025

Generative AI Internship (4 weeks): **Computer Society of India (CSI), Hyderabad Chapter**

May – June 2026

CERTIFICATIONS

Advanced Data Analysis with Generative AI: [Coursera](#)

Introduction to MongoDB Certification: [MongoDB](#)

Database Design, Database Programming with SQL: [Oracle](#)

Programming in Java NPTEL Certification (12 weeks): [IIT Kharagpur](#)

Data Science for Engineers NPTEL Certification (8 weeks): [IIT Madras](#)

Smart Coder Certification: [Smart Interviews](#)

Data Analyst Certification: [LinkedIn](#)

CO-CURRICULAR ACTIVITIES

Member, Computer Society of India (CSI) in CVR College of Engineering

Member, ACM Student Chapter and Documentation Lead in CVR College of Engineering

Volunteered at Blood Donation Camp organized under National Service Scheme (NSS) in CVR College of Engineering
