CAREER OBJECTIVE

Computer Science undergraduate specializing in Data Science with strong foundations in Data Structures, Algorithms, Software Development, and Artificial Intelligence. Experienced in building AI-powered full-stack applications using Python, React, and MongoDB. Currently building production-ready AI systems with expertise in LLM integration, prompt engineering, and scalable backend API development.

EDUCATION

CVR College of Engineering Hyderabad
Bachelor of Technology in Computer Science and Engineering – **Data Science** 2023-2027
- CGPA: 9.31/10.00 | LeetCode: 400+ problems | GFG: 300+ problems

TECHNICAL SKILLS

Programming Languages: Python, Java, JavaScript, C
AI & ML: Machine Learning, Generative AI, Large Language Models (LLMs), Prompt Engineering, AI Chatbots, NLP, Stable Diffusion
Frontend Development: HTML5, CSS3, Bootstrap 5, React.js
Backend & Databases: Flask, Node.js, Express.js, Spring Boot, Hibernate, JWT Authentication, REST APIs, MongoDB, SQL
Tools & Libraries: Git, GitHub, VS Code, Postman, Streamlit, Jupyter Notebook, Google Colab
CS Core Subjects: DBMS, OS, Computer Networks
Soft Skills: Problem Solving, Adaptability, Cross-functional Collaboration, Clear Communication, Proactive Learning

TECHNICAL PROJECTS

Audio2Art: Audio-to-Image Generation System – [GitHub Repo](#) Mar 2025

- **Aim:** To develop an end-to-end multimodal AI pipeline combining speech recognition and image generation models
- **Technology:** Python, Streamlit, PyTorch, Diffusers, Transformers, Speech Recognition
- **Result:** Delivered a functional audio-to-visual application that converts any WAV file into an AI-generated image.

Campus Fine Track: College Fine Management System – [GitHub Repo](#) Jan 2025 – Apr 2025

- **Aim:** To replace manual, error-prone fine tracking in college with a centralized digital management system
- **Technology:** Python, MongoDB, Flask-PyMongo, Flask-Mail, HTML, CSS
- **Result:** Eliminated manual tracking effort and enabled instant batch-wise fine reporting across the entire campus.

EduGenie AI: Intelligent Generative AI-Powered Student Learning Assistant – [GitHub Repo](#) May 2026

- **Aim:** To create a single AI-powered platform addressing multiple student learning needs from doubt resolution to interview preparation
- **Technology:** Python, React.js, Tailwind CSS, MongoDB, JWT Authentication, Generative AI (Groq), Speech Recognition
- **Result:** Delivered a production-ready all-in-one learning assistant with 7+ AI features, secure user management, and LLM-powered intelligent response generation.

INTERSHIPS & EXPERIENCE

Altair Data Science Master Virtual Internship – EduSkills Apr 2025 – Jun 2025

- Applied Altair tools across data analysis, ML workflow design, and visualization tasks in an AICTE-certified 10-week program.

Alteryx Data Analytics Process Automation Virtual Internship – EduSkills Oct 2025 – Dec 2025

- Designed ETL pipelines and automated analytics workflows using Alteryx in an AICTE-certified 10-week program.

Generative AI Internship – Computer Society of India (CSI), Hyderabad Chapter May 2026 – Jun 2026

- Built 3+ generative AI prototypes integrating LLM APIs with advanced prompt engineering techniques for task-specific performance.

Open-Source Contributor – GSSoC 2026 May 2026 – Present

- Contributed 40+ pull requests across open-source repositories on GitHub, including bug fixes, feature enhancements, and documentation improvements under GSSoC 2026.

CERTIFICATIONS

Advanced Data Analysis with Generative AI – Coursera Dec 2025

Introduction to MongoDB – MongoDB Nov 2025

Database Design, Database Programming with SQL – Oracle Dec 2024

Data Analyst Learning Path – LinkedIn Learning Mar 2026

Programming in Java NPTEL Certification (12 weeks) – IIT Kharagpur Jan 2025 – Apr 2025

Smart Coder Certification – Smart Interviews Feb 2025 – Feb 2026

LEADERSHIP & EXTRACURRICULARS

Member – CSI, CVR College of Engineering

Documentation Lead – ACM Student Chapter, CVR College of Engineering

Volunteer – NSS Blood Donation Camp, CVR College of Engineering
